DETAILED ACTION

1. The Art Unit location of your application in the USPTO has changed. To aid in correlating any papers for this application, all further correspondence regarding this application should be directed to Art Unit 2617.

Claim Rejections - 35 USC § 101

2. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

3. Claims 16-18 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter.. Claim 16 addresses a data structure signal stored on a computer readable for transmission on a wireless carrier signal (i.e. an ephemeris data issue identifier with two fields). A data structure modulate on a wireless carrier signal is considered functional descriptive material (i.e. the transmission to the mobile station on a modulate carrier signal is not sufficient post processing activity since it has not established a new use of a known process).

Allowable Subject Matter

4. Claims 1-10 and 25-28 are allowed.

5. The following is a statement of reasons for the indication of allowable subject matter: Upon close review of the claims,

Art Unit: 2617

the prior art of record and applicants remarks in the Amendment on page 10 line 19 through page 11 line 15, page 15 lines 6-21, page 19 line 9 through page 22 line 7 mailed June 3, 2004, it appears that the allowance of claims 1-10 and 25-28 is appropriate.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
